Dubai Visa Services

Foreign professionals willing to stay and work in Dubai must obtain a visa. All visitors entering Dubai must have a visa, unless they are from Gulf Cooperation Council (GCC) countries, in which case they will be issued an arrival visa.

As an excellent business consultancy, Fast Business Box assists our clients with visa services in Dubai. Under UAE law, different types of visas are available, depending on the purpose of the visitor's entry to determine which type of visa one should apply for.

Prerequisites and documentation procedures may vary from one visa service to another. To meet these requirements,

we provide professional and financial visa services in Dubai for family or residence visas, work/ labor visa, investor visa, maid or nanny visas.

At Fast Business Box, we have dedicated consultants with years of experience in handling all types of PRO services and visa processing tasks. We specialize in different aspects of visa applications such as family, employment, investor, house maid or nanny visas.

Outsource PRO Services

Public Relations work is an integral and most essential activity for any company in UAE right from the beginning. Our market research, analysis and client survey indicate that firms spend valuable time and energy navigating local authorities' pro-

cedures and documentary requirements. This is the stage of our company.

The country's excellent infrastructure, extensive credit facilities, competitive spending structure and financial stability have attracted entrepreneurs and investors from all over the world. However, you need better advice and local help to expand your business overseas.

This is the stage where our company Wright Corporate Services offers its services. Our company aims to provide all possible advice and administrative assistance under one umbrella to entrepreneurs who want to expand their business to Dubai so that they can spend time on their core skills and be part of the Dubai growth story.
